**J.P. Morgan**

The date of these Final Terms is 19th January, 2026.

Terms used herein shall be deemed to be defined as such for the purposes of the terms and conditions set forth in the offering circular dated 8th December, 2014 (the **Conditions**) in relation to the debt issuance programme of European Investment Bank (**EIB**). This document constitutes the Final Terms of the bonds described herein (the **Bonds**) and, save in respect of the Conditions, must be read in conjunction with the offering circular dated 28th November, 2025 (the **Offering Circular**). The Conditions, as completed by these Final Terms, apply to the Bonds.

EIB accepts responsibility for the information contained in these Final Terms which, when read together with the Offering Circular and the offering circular dated 8th December, 2014, contain all information that is material in the context of the issue of the Bonds.

These Final Terms do not constitute an offer of, or an invitation by or on behalf of anyone to subscribe or purchase any of, the Bonds.

The Bonds shall not be offered or sold to any Russian or Belarusian natural or legal person, entity or body if and to the extent that this would contravene any applicable restriction under sanctions imposed by the European Union (as may be amended, supplemented, replaced or superseded from time to time).

**UK MiFIR product governance / Professional Investors and Eligible Counterparties Only Target Market** - EIB does not fall under the scope of application of the package under Regulation (EU) No. 600/2014 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (**UK MiFIR**). Consequently, EIB does not qualify as an "investment firm", "manufacturer" or "distributor" for the purposes of UK MiFIR.

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Bonds has led to the conclusion that: (i) the target market for the Bonds is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (**COBS**), and professional clients, as defined in UK MiFIR; and (ii) all channels for distribution of the Bonds to eligible counterparties and professional clients are appropriate, subject to the distributor's suitability and appropriateness obligations under COBS, as applicable. Any person subsequently offering, selling or recommending the Bonds (a **distributor**) should take into consideration the manufacturer's target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook is responsible for undertaking its own target market assessment in respect of the Bonds (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels, subject to the distributor's suitability and appropriateness obligations under COBS, as applicable.

For the purposes of this provision, the expression **manufacturer** means the Relevant Dealer.

### **EIB Update on Excluded Activities**

On 19th June, 2025, the Board of Directors (**Board**) of EIB approved a simplified list of activities excluded from EIB financing (the **Excluded Activities List**), which approval was recorded at the EIB Board meeting held on 16th July, 2025. The adoption of the Excluded Activities List forms part of the series of measures previously announced by the EIB to further strengthen the financing for European security and defence.

Pursuant to the Excluded Activities List, the EIB does not finance the following activities:

1. Activities prohibited by host country law or by international agreements ratified by the European Union or subject to international phase outs or bans.
2. Weapons and ammunition. Outside of the European Union, military or police equipment and infrastructure are also excluded.
3. Prisons and detention centres.
4. Harmful or exploitative forms of forced labour or child labour, as defined by the International Labour Organization's Fundamental Labour Conventions.
5. Conversion of natural forests into plantations and the degradation of tropical natural forests or high conservation value forests.
6. Unsustainable fishing methods (such as drift net fishing in the marine environment using nets in excess of 2.5 km in length and blast fishing).
7. Extraction or mining of conflict minerals and metals.
8. Extraction of mineral deposits from the deep sea.
9. Animal and human reproductive cloning.
10. Sex industry and related activities.
11. Tobacco and related activities.
12. Gambling and casinos.
13. Projects with political or religious purposes.

The Excluded Activities List complements other EIB lending policies, notably the EIB Group Environmental and Social Policy. For the avoidance of doubt, final beneficiaries of EIB operations may be involved in weapons and ammunition, provided that EIB financing does not support these activities. The Excluded Activities List will apply immediately to projects eligible for EIB financing. The EIB Board may update the Excluded Activities List from time to time without prior notice.
