Banco Santander, S.A.

The date of these Final Terms is 1st June, 2021.

These Final Terms, under which the bonds described herein (the **Bonds**) are issued, are supplemental to, and should be read in conjunction with, the offering circular (the **Offering Circular**) dated 8th December, 2014 issued in relation to the debt issuance programme of European Investment Bank (**EIB**). The Bonds will be issued on the terms of these Final Terms read together with the Offering Circular. Terms defined in the Offering Circular have the same meaning in these Final Terms.

EIB accepts responsibility for the information contained in these Final Terms which, when read together with the Offering Circular, contain all information that is material in the context of the issue of the Bonds.

These Final Terms do not constitute an offer of, or an invitation by or on behalf of anyone to subscribe or purchase any of, the Bonds.

In response to the COVID-19 pandemic, the EIB and the European Investment Fund (the **EIF** and together, the **EIB Group**) continue to work on a variety of supportive measures and programmes to help counter and alleviate the effects of the COVID-19 pandemic both within the European Union (the **EU**) and outside of the EU's borders. In the health sector, the supportive measures and programmes mainly focus on immediate health-related emergencies, the development of a cure and of a vaccine and various solutions to help contain the spread of the virus. In the economic sphere, the focus of supportive measures and programmes is on the multiple economic challenges caused by the COVID-19 pandemic, which are having a profound impact on businesses and the economy as a whole.

As part of its response to the economic effects of the COVID-19 pandemic, the EIB has decided to make a number of supportive measures available to its clients in certain circumstances, which include, among other things, (i) the temporary easing (including waivers) of financial covenants and other key clauses, (ii) the re-profiling of cash flows by setting new repayment schedules or the temporary standstill of repayment obligations and (iii) certain other complementary supportive measures, such as the signing of new contracts, accelerating loan disbursements and increasing amounts lent to borrowers. The EIB is assessing requests for such measures on a case-by-case basis within the limits of certain specific conditions. These measures are intended to be extended to clients who are temporarily affected by the economic effects of the COVID-19 pandemic but who are not experiencing any structural financial difficulties or solvency issues and are considered to be a going concern at the time of granting such measures. If, as a result of the assessment, a client does not meet these requirements or the EIB identifies risks for the long-term sustainability of the client's business model, it will consider any other appropriate measures and, if necessary, follow the EIB's standard restructuring processes.

Furthermore, to enable the EIB Group to scale up its response to the economic effects of the COVID-19 pandemic, on 26th May, 2020, the EIB's Board of Directors approved the creation of the "Pan-European Guarantee Fund in response to COVID-19" (the **Guarantee Fund**), a temporary guarantee fund with a focus on supporting financing for SMEs. Each EU Member State is eligible to participate in the Guarantee Fund with a contribution, *pro rata* to its share in the EIB's subscribed capital, taking the form of an irrevocable, unconditional and first demand guarantee, which will cover any potential losses and related costs, incurred in the implementation of operations supported by the Guarantee Fund, in an amount not to exceed the level of its participation in the Guarantee Fund. Contributions from EU institutions or institutions created by EU Member States are also eligible. The Guarantee Fund has a targeted amount of EUR 25 billion in the event that all EU Member States participate. The Guarantee Fund was formally established on 24th August, 2020. As of 11th December, 2020, EU Member States

accounting for approximately 97 per cent. of the EIB's subscribed capital are participating in the Guarantee Fund.

Both the EIB and the EIF will execute transactions in connection with the Guarantee Fund, which are expected to focus on high risk operations. As part of the structure of the Guarantee Fund, the EIB will make available uncollateralised liquidity credit facilities to each of the participating EU Member States, which will be used solely for the temporary financing of payments owed to the EIB pursuant to the first demand guarantee in the event that funds to cover such payments are not available from other finance sources of those EU Member States under the structure of the Guarantee Fund. The EIB will also provide funding for certain operations of the Guarantee Fund. The Guarantee Fund is temporary in nature and operations may be submitted for approval until 31st December, 2021, which deadline could be extended by six months if at least 50 per cent. of the contributors representing 80 per cent. of the contributions consent. Any further prolongation would be subject to the unanimous agreement of all contributors.

Despite the general context of uncertainty in the global financial markets due to the COVID-19 pandemic, the EIB Group currently continues to maintain a robust liquidity position and flexibility to access the necessary liquidity resources mainly as a result of its prudent approach to liquidity management. Moreover, in general, the quality of the EIB's loan portfolio currently remains high as it relies on a risk management strategy based on adequate levels of security and guarantees, as well as standard protective clauses included in its loan agreements. While it is difficult at this stage to quantify the ultimate impact of the economic effects of the COVID-19 pandemic on the EIB, certain value adjustments and impairments for potential losses in respect of the EIB's loan portfolio have been reflected, as applicable, in the consolidated financial statements of the EIB Group under IFRS as of and for the year ended 31st December, 2020, the consolidated financial statements of the EIB Group under EU Accounting Directives as of and for the year ended 31st December, 2020, and the financial statements of the EIB under EU Accounting Directives as of and for the year ended 31st December, 2020, which have been published on the EIB's website. The EIB Group continues to monitor the situation closely, including the impact of the COVID-19 pandemic on its loan portfolio. In the context of national, EU and international measures taken in response to the COVID-19 pandemic, the EIB Group may also consider and implement additional or increased supportive measures and programmes.

The EIB does not fall under the scope of application of the MiFID II package. Consequently, the EIB does not qualify as an "investment firm", "manufacturer" or "distributor" for the purposes of MiFID II.

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Bonds has led to the conclusion that: (i) the target market for the Bonds is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Bonds to eligible counterparties and professional clients are appropriate, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable. Any person subsequently offering, selling or recommending the Bonds (a **distributor**) should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Bonds (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable.

For the purposes of this provision, the expression **manufacturer** means the Relevant Dealer and the expression **MiFID II** means Directive 2014/65/EU, as amended.

The terms of the Bonds and additional provisions relating to their issue are as follows:
