Introduction.

In order to improve the quality of services and to increase the security of WSE introduces a new system of uploading the tables of interest. The application is open every day of the session between 6.00 and 16:30 and during these hours it is possible to upload the interest for the instruments listed. Interest for unlisted instruments should be uploaded between 6.00 and 15.00. The purpose of this manual is to demonstrate the use of the application.

The manual consists of four chapters devoted to the principles of file creation, file submitting, managing agents and procedures in case of errors.

Principles of construction of tables of interest and the text file for the broadcast of debt instruments listed on the Catalyst market for the purposes of the Stock Exchange and BondSpot.

Interest Tables should be prepared in two forms:

1. File in pdf format (model est. No. 1) - in the tables please select the date on which the rights to interest for the period of interest and the date of the end of the interest period. It is advisable to place a comment that the interest paid on the payment date, receive investors who owned the bonds on the date of determination of rights to such interest. Table shall bear the seals of persons who are authorized to represent the issuer in this case.
2. File in .txt format - File of interest must be a text file with the extension ".txt". The file contains the number of records corresponding to the number of days in the interest period for the bonds consistent with the table referred to in paragraph 1. In one file can be placed in only one interest period. In the period from the first day after determining the rights to interest until the end of the interest period (inclusive) in the amount of interest, enter zero.

Tables on unlisted instruments must be submitted no later than hours. 15:00 trading day preceding the first listed debt instruments. Interest instruments listed must be submitted electronically no later than hours. 16:30 of the third trading day prior to the start of the next interest period

Sending tables in a way other than described in this document requires specific arrangements with the Team Database WSE Trading Department (tel. 22 537-73-61). In case of any doubt regarding the structure of tables, ask for an explanation the Database Team WSE Trading Department dnb@gpw.pl

The data format should be consistent with the formula given below.

Interest filename:

A collection of the accumulated interest on any calendar day should have a name created according to the following rules:

XXXXXXXXXXXX_RRRRMMDD_rrrrmdd.txt

wherein:

XXXXXXXXXXXX - 12 characters - the ISIN code under which the bonds are registered with the series in the National Depository for Securities (KDPW)

YYYYMMDD - 8 characters - the date of the first record set interest

yyyymmdd - 8 characters - the date of the last record set interest

The construction of a text file with the values of interest:

The method of construction for interest attributable to the record at 29 November 2012 (worth 12.51) for example bonds:

Sample record: PL0000106795201211290000000012510000

Description of Record:

- Full record has 36 characters, including
 - ISIN code: 12 characters
 - date in yyyymmdd format: 8 characters
 - assets value: 16 characters
- in this case:
 - ISIN: PL0000100517

- DATE: 20121129
- INTEREST: 0000000012,510000

WSE / BondSpot take no responsibility for the information contained in the tables of interest and for their verification.

Principles of the Stock Exchange in case of no transfer or misreporting percentage, are described as follows:

- In Ward 5 and Ward 6 Chapter 2 Section II of the Detailed Exchange Trading Rules UTP system,
- Ward 3 in Chapter 7, Exhibit 2 to the Alternative Trading System Rules "Rules for trading in financial instruments in the alternative trading system"
- Chapter IV § 9 Detailed Rules of Trading on a Regulated Market Regulated Over the counter BondSpot
- § 17 of the Alternative Trading System Rules organized by BondSpot,

User application "Interest Collections"

Sign In.

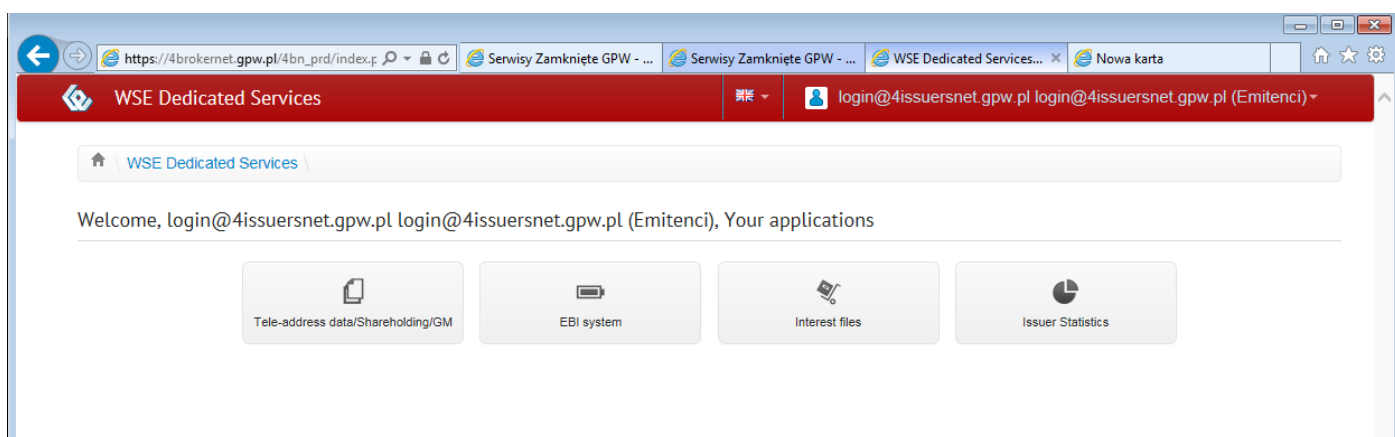

The first step is to open your Web browser and enter the address of the site <https://4brokernet.gpw.pl>

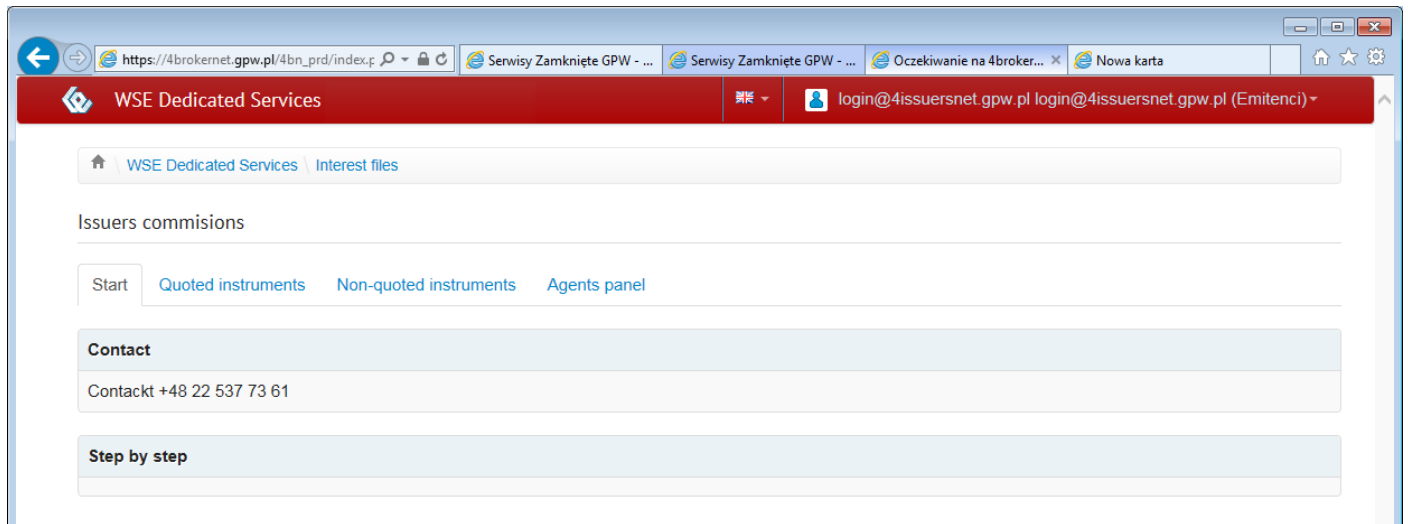

The screenshot shows a web browser window with the address bar displaying <https://4brokernet.gpw.pl/dana-na/auth/u>. The page title is "4brokernet". The main content area features a login form titled "Logowanie do 4brokernet / Login to 4brokernet". Inside the form, there is a light blue box with the text "Podaj nazwę użytkownika oraz hasło. Enter user name and password." Below this, there are two input fields: "username" and "password", each with a user icon on the left. At the bottom right of the form is a button labeled "Zaloguj się / Log in".

Please type in the "username" and "password" user data received in the registration process. And then press the „Zaloguj się/Log in”.

After you have successfully logged into the website appears on the screen set available for the user application.

To support the collection of interest, select the application "Interest files".

In the Web browser start page will appear with the available applications 'menu' in the form of:

- Start - pressing this link will always return to this page
- Quoted instruments - to submit your interest for instruments listed
- Non-quoted instruments - to submit your interest for unlisted instruments
- Agents panel - allows you to add, modify, delete, agents and add them permission to upload interest for specific instruments.

Uploading file of interest for listed and unlisted instruments.

The process of loading a file of interest for quoted and unquoted instruments is the same when you select the proper link.

The screenshot shows the 'New agent creation' form in the WSE Dedicated Services interface. The breadcrumb navigation is 'WSE Dedicated Services > Interest files'. The panel title is 'COM_SDODSETKI_OPERATOR_PANEL_DANE_OPERATORA'. Below the title are tabs: 'Start', 'Quoted instruments', 'Non-quoted instruments', 'Agents panel', and 'New agent creation'. A section titled 'Type agent data' contains form fields for: 'Agent's email (login). *' (test18@4issuersnet.gpw.pl), 'Agent's name *' (Firm Name), 'Agent's first name *' (Name), 'Agent's last name *' (LastName), 'Agent's telephone number *' (12345678), and 'Additional description *'. Below this section is a 'Quoted instruments' section with a table showing 'Isin number' and 'Agents list'. The table contains two rows: 'PLTEST012111' (checked) and 'PLTEST012112' (unchecked). A 'Non-quoted instruments' section follows with a table showing 'Isin number' and 'Agents list' with one row: 'PLTEST012197' (unchecked). At the bottom left is a 'Save' button.

Type agent data

Agent's email (login). * test18@4issuersnet.gpw.pl

Agent's name * Firm Name

Agent's first name * Name

Agent's last name * LastName

Agent's telephone number * 12345678

Additional description *

Quoted instruments

Isin number	Agents list
☒ PLTEST012111	
☐ PLTEST012112	

Non-quoted instruments

Isin number	Agents list
☐ PLTEST012197	

Save

To add an agent must fill in the fields:

- Agent' email - is a unique e-mail address, which will be simultaneously login for the agent to enable him to handle files of interest in this service. Use this address to the agent logs in to the site.
- Agent's name - is the name that will enable the identification of the entity responsible for sending Agent interest
- Agent's first name - name is the name of a particular person, as your email address
- Agent last name - the name of a particular person, as your email address
- Agent's telephone number - a contact telephone number to enable contact and Agent
- Additional description - This field is used to enter additional notes to help distinguish the Issuer Agents.

Below is a list of instruments that can be attributed to the agent by clicking on the "checkbox" with the instrument data. If in the "List of Agents" is the address of another agent it means that this instrument is already assigned to another agent. It is possible to assign the next, but should pay attention to the possibility of a collision when submitting files with interest by more than one agent.

To complete the process of setting agent, press "Save".

This will send an email with an activation link to the site <https://4brokernet.gpw.pl> to the specified email address in the form of an agent. Where the agent has already profile in 4issuers system you will only receive email of the changes.

Editing existing agent

To carry out the process of editing an existing agent, follow the link from the email address Agent
